

OUR ETHOS

To build and maintain a business with the environment and local community at its heart. Where possible to keep reducing our environmental impact whilst offering our customers the best of what we produce here on the farm.

TASTER EVENINGS

Aside from offering fantastic food from our Café and Taster Evenings, we strive to help lessen our carbon footprint.

Here at The Larder Café, we make a conscious effort to reduce the energy usage, for example by ensuring that our menus use as much seasonal, home-grown, and local produce as possible and that the suppliers we use also share the same values as us.

Our waste management is a huge part of our drive towards a better business, with recycling, reusing and where possible reducing the waste we produce.

When people choose to buy the produce from the animals that we raise here on the farm we want to ensure that they can buy with the highest confidence. Our farming practices and animal welfare is at the core of what we do. Not only to rear healthy the farm animals but also farming with wildlife and habitat creation in mind. Thus creating a more sustainable food, environmental and energy producing farm for many decades to come.

ALLERGENS

Should You Require More Information on Allergens, Please Ask a Member of Staff for Further Details.

Our gluten-free (GF) breakfasts and our 'Bourton Banger' sausages and patties are prepared in an environment where gluten is present.

Within our kitchen we handle the following allergens:

Celery, cereals containing gluten (such as wheat, barley and oats), crustaceans (such as prawns, crabs and lobsters), eggs, fish, lupin, milk, molluscs (such as mussels and oysters), mustard, peanuts, sesame, soybeans, sulphur dioxide and sulphites (if the sulphur dioxide and sulphites are at a concentration of more than ten parts per million) and tree nuts (such as almonds, hazelnuts, walnuts, Brazil nuts, cashews, pecans, pistachios and macadamia nuts).
